Mr. William Bown
842 W 400 N
West Bountiful, UT 84087

Dear Mr. Bown:

Re: Notice of Intention to Commence Small Mining Operations,
ML 44911, S/003/017, Box Elder County

I have reviewed your notice and find it complies with our notification requirements. You may proceed with operations as outlined in your plan with the following stipulations:

1. All surface disturbance resulting from your operations on the leased lands will be fully reclaimed to the satisfaction of the Division of State Lands and Forestry and in compliance with the State of Utah Mined Land Reclamation Act.
2. Compliance with the State of Utah Antiquities Act forbidding disturbance of archeological, historical, or paleontological remains; and immediate suspension of operations and notification of the Division of State History in the event such remains are encountered.
3. Granting this approval does not alleviate the necessity to comply with the requirements of the Division of Oil Gas and Mining regarding this development. You must contact them and comply with their requirements before beginning any work. Their address is: Division of Oil Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, UT 84180-1203.

Page Two

4. The Division rules governing the management and use of State Lands in Utah requires that a bond be posted with the Division to assure compliance with all terms and conditions of the lease. The bond required for a mineral exploration or small mining operation shall either be an \$80,000.00 Statewide blanket bond which would cover these operations on all State of Utah mineral leases held by the lessee, or an individual project bond of not less than \$5,000.00 per acre of disturbance. I would like to meet with you and examine all your operations on State Land to bring them all under this bond requirement.

Sincerely,

JERRY W. MANSFIELD
MINERAL RESOURCES SPECIALIST
